

ARE YOU THE NEXT ST MATH CHAMPION?

Looking for an opportunity to lead your peers, become the go-to ST Math expert, and improve math culture? This opportunity might be for you!

Who is an ST Math Champion?

An educator, other than the principal, who can support a strong ST Math implementation through:

- Encouraging celebrations
- Monitoring progress
- Fielding questions from colleagues

ST Math Champion Perks and Responsibilities:

- Serves as a liaison between classroom teachers and ST Math
- Facilitates the technical and instructional implementation of ST Math on their campus or within their district
- Regularly monitors and communicates ST Math data to maintain a strong implementation
- Leads celebrations for student, classroom, and school-wide accomplishments
- Keeps up to date with new features and best practices for ST Math implementations
- Opportunities for additional professional learning through:
 - Monthly communication dedicated to empower and equip Champions
 - A network of other champions from across the country
